

Quiz 2.2.1: Combining Text (CONCAT, &)

Date: 11/10/2025

1.

1 / 1 point

We want to join the values in B2 and A2 with a space between. Which of the following is correct?

☐ =CONCAT("B2", "A2")

☐ =CONCAT("B2", A2)

☒ =CONCAT(B2, "A2")

☐ =CONCAT(B2, A2)

✔ Correct

Great work here! Well done. We need the quotation marks in order to let Excel know about the space between the two values.

2.

1 / 1 point

Which of the following is an operator that allows us to concatenate (join) values?

☐ *

☐ +

☒ &

☐ @

✔ Correct

Indeed, well done! The ampersand is what we refer to as a concatenation operator.

3. Which of the following formulas did we use in A4 to get the result shown? (If you're not sure, try it out in Excel.)

1 / 1 point

	A	B
1	Name	Age
2	Amy	12
3		
4	Amy is 12 years old	

☐ ="A2"&" is "&"B2"&" years old"

☒ =A2&" is "&"B2"&" years old"

☐ ="A2" & "is" & "B2" & "years old"

☐ =A2 & "is" & B2 & "years old"

✔ Correct

Great work! Well done!
